

Three Dimensional Warehouse Cargo Elevator Height And Weight Can Be Customized

Our Product Introduction

Basic Information

- Place of Origin: GUANGZHOU
- Brand Name: TIANYUE
- Certification: 3c.ce
- Model Number: TY-FB-T
- Minimum Order Quantity: 1
- Packaging Details: wooden box
- Delivery Time: 45 work days
- Payment Terms: T/T
- Supply Ability: 100

Product Specification

- Size: Customization
- Load Weight: Customization
- Docking Method: Customization
- Motor: Customization
- Highlight: **Customized Warehouse Cargo Elevator,
Three Dimensional Warehouse Cargo Elevator,
Three Dimensional warehouse elevator lift**

Product Description

Automated Non Standard Equipment Three-dimensional warehouse storage elevator, height and weight can be customized

1. The lifting car can transport materials both up and down, and materials can flow in both directions during a cycle of the lifting car;
2. The lifting range is large, but the conveying volume decreases as the stroke increases in the same time;
3. Reciprocating elevators are of various types (fixed or mobile) and have flexible layouts. Materials can enter and exit the elevator from all directions, which is convenient for the layout of production equipment;
4. This type of elevator has the characteristics of advanced control, reliable performance, and high positioning accuracy of the lifting car.

Guide device: set on both sides of the equipment to achieve the correct introduction of materials

External rack width	2012~2612mm
Pallet conveying width	800~1200mm
Hoist length	1718~3000mm
Cargo height	0~2000mm
Floor height	0~15000mm
Lower conveying surface height	50~1300mm
